Failure to have the required physical and immunizations can result in the students not being admitted to school. Transfers, from other Illinois school districts at any grade level, must have their health records forwarded from their prior school. Transfer students from out-of-state schools must have a physical examination.

Also, the State of Illinois has mandated that all students in grades Kindergarten, second, and sixth must have a dental exam prior to May 15th of each school year.

Any questions about registration should be directed to Mr. Chuck Schneider, High School Principal at 627-2671.

PARENTS, PLEASE NOTE . . .

Parents, please make sure that female and male athletes planning to go out for sports for the 2016-17 school year receive their physicals NOW! Each sport season we have students attempting to get appointments, with their physicians, at the last moment and are disappointed when they are not able to do so.

Students will NOT be allowed to participate in practices until physicals, participation forms and sports fees have been turned in and/or paid to the school. High school volleyball and soccer will begin on Wednesday, August 10th. Contact your coaches for times.

VISION AND HEARING SCREENING

All children entering Kindergarten must show proof that they have had a complete eye exam by an optometrist or an ophthalmologist before the first day of school. At the beginning of the school year, we will be conducting vision and hearing screenings for first through fifth graders and eighth graders.

The school vision test screens for sharpness of vision, farsightedness and muscle balance. If your child does not pass the initial screening, a rescreening will be given to double check the screening results. If your child does not pass the second screening, you will be notified and asked to take your child to an eye doctor for a professional eye exam.

In the hearing screening, several sounds are used to test your child's hearing. If your child did not hear all of the sounds, your child will be retested. Not all children who fail the screening tests have a hearing loss. If your child has a suspected hearing loss, you will be advised to take your child to a doctor.

Vision screening is not a substitute for a complete eye and vision examination by an eye doctor. Your child is not required to undergo the vision screening if we have on file a completed and signed form from an optometrist or ophthalmologist indicating that an examination has been administered within the previous 12 months.

MOBILE DENTIST

THIS FALL, Whiteside County Health Department mobile dental clinic will be coming to Paw Paw School to give dental exams to children whose parents choose to take advantage of this opportunity. This service is available to all children ages 3 -14. The mobile dentists team consists of a dentist, hygienist and dental assistant, who provide dental examinations, cleanings, fluoride treatment and sealants (if necessary) for your child. Whiteside County Health Department is a provider for Medicaid/Kid Care and most insurances. It offers grants to children in need who don't have dental insurance or Medicaid/All Kids. It also has a subsidized fee of \$40 for those not qualifying for a grant.

The State of Illinois has mandated that all students in kindergarten, second and sixth grade must have a dental examination for this school year between May 16, 2016 and May 16, 2017. This will meet that requirement. Watch for your child to bring home an orange permission slip for the mobile dentists. This is a wonderful opportunity to get them preventive dental care in a very easy way.

Kindergarten, 2nd and 6th grade students may also fulfill the state requirement at a dentist of their choice.

Children from households that meet Federal guidelines are eligible for free or reduced-price meal services. **Complete one application per household for all children that attend the same school district.**

All meals served must meet the U. S. Department of Agriculture meal requirements. However, if a child has been determined by a doctor to have a disability and the disability would prevent the child from eating the regular school meal, this school will make substitutions prescribed by the doctor. If a substitution is needed, there will be no extra charge for the meal. If you believe your child needs substitutions because of a disability, please contact the school for further information.

Application forms are available to all homes with a letter for parents or guardians. To apply for free or reduced-price meal services, households must complete the application as soon as possible, sign it, and return it to the school. Additional copies of the application form are available in the principal's office in each school. Households should answer all applicable questions on the form. An application which does not contain all the required information cannot be processed and approved by the school. Women, Infants, and Children (WIC) participants **may** be eligible for free/reduced-price meals and are encouraged to complete an application for meal benefits.

The required information is as follows:

SNAP/TANF HOUSEHOLDS: If the school provided you a letter that stated your child(ren) is eligible for free meals via the direct certification process, **you do not have to complete this application to receive meal benefits.** Households that currently receive Supplemental Nutrition Assistance Program (SNAP) or Temporary Assistance for Needy Families (TANF) for their child(ren), only have to list the child(ren)'s name and SNAP or TANF case number and sign the application. **Applications listing LINK card numbers cannot be used for free or reduced-price meals.**

ALL OTHER HOUSEHOLDS: If a household's income is at or below the level shown on the income scale, children are eligible for either free or reduced-price meal services. Households must provide the following information: (1) the names of all household members; (2) the social security number of the adult household member signing the application, or indicate if the adult does not have a social security number; (3) the amount of income each household member received last month, how frequently it is paid, and where it came from (wages, child support, etc.); and (4) the signature of an adult household member.

The information on the application may be checked by school or other officials at any time during the school year.

Households may apply for benefits at any time during the school year. Households that are not eligible now but have a decrease in household income, an increase in household size, or a household member becomes unemployed, should fill out an application at that time.

Homeless, migrant, runaway youth, Head Start and foster care children are categorically eligible for free meals. Please follow instructions and return form to school.

Households that do not agree with the ruling of the official may wish to discuss it with the school. Households also have the right to a fair hearing. This can be done by calling or writing the following official:

A memorial wall is being established at the entrance of the High School. Its purpose is for families to remember loved ones who have attended Paw Paw Schools and for individuals who have an attachment to the schools and want to leave a lasting legacy. To remember loved ones or leave a legacy, paw prints with names can be purchased starting at \$150. The paw prints with the names and years of life or graduating class year, will be prominently displayed on the wall. The money collected for the wall will be used for projects that are permanent.
